

Impact Report

**Foodbank SA & NT and Australian Eggs
School Egg Pilot Program 2025**
Eggs in remote First Nations schools and communities.

In 2025, Foodbank SA & NT partnered with Australian Eggs to develop the School Egg Pilot Program. The pilot was undertaken over a 6 month period in South Australian and Northern Territory schools, particularly focussed on First Nations Communities. Some of the most remote Schools across the region received eggs and participated in the program. In addition, the support provided from Australian Eggs enabled Foodbank to provide eggs to First Nations communities via our Food Hubs.

100% of funds were used by Foodbank for food procurement of eggs and freight.

Your support and impact went far beyond food.

44 Sites

Schools engaged in the program.*

44 registered for the School Egg Program Pilot across SA & NT ('Sites' includes schools, children's centres/Kindergarten and youth programs). Map: <https://bit.ly/eggsaustraliaprogram>

2,438 dozen eggs

1,463 kilograms of eggs distributed via School Programs.

43,500 Breakfasts

Supplied as part of the program.

1,800 Students

Supported by the pilot program.

+ 6,839 dozen eggs

4,757 kg Eggs distributed by the Hubs to support First Nations families.

Eggs were also made available via our Foodbank Food Hubs in regional and remote communities of Ceduna, Alice Springs, Katherine, Darwin and Whyalla to support families in need.

Across South Australia and Northern Territory, Foodbank have distributed more than 6,220 kilograms of eggs as part of the Foodbank SA & NT and Australian Eggs Pilot Program.

According to an independent study into Foodbank's social return on investment, Foodbank's food assistance not only addresses people's immediate nutrition needs but also contributes to improvements in their health, emotional wellbeing, sense of self-worth, social relationships, and ultimately overall standard of living. Combined with the environmental savings of food not going to waste, the benefit to the individual and the broader community that flows from every kilogram of food distributed by Foodbank is valued at \$43.

SROI = \$267,460

Australian Eggs support of the Foodbank SA & NT School Egg Pilot Program has had a \$267,460 impact in the community.

FEEDBACK

A few stories of thanks...

Hear directly from Schools engaged in the program.

“

"Students love the inclusion of eggs – we have been making frittatas using Foodbank products including cheese, milk, oats and vegetables. Always very popular!"

“

*"Eggs have been fantastic. Thanks so much to your suppliers."
"Thank you for all of your generous services. We also thoroughly appreciated the egg pilot program."
"Very happy with the addition of the egg program!"*

“

"Due to their Nutritional value, great taste and versatility, our school would love to keep ordering eggs as much as we can for our Breakfast Club. They are definitely the crowd favourite but also they prepare the students for a big day of learning."

“

"Each fortnight out school has been using the eggs provided in the egg program to cook bacon and egg rolls for the whole school after the assembly – the kids are loving it."

“

"Boiled eggs were a hit especially for children that have gluten/dairy intolerances. Introduced spaghetti/baked bean jaffles/toasties and kids loved them :)"

“

“The introduction of the egg program is absolutely fantastic. Our kids love it! As a small school, we do not have unlimited funds - the extra food for the breaky program is really valued.”
