

# Research & Development (R&D)

## What is it and how does it work?

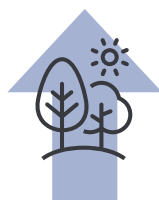

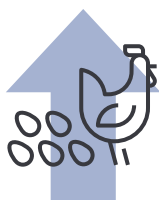

R&D **finds solutions** to problems and **creates new knowledge**

### New knowledge

leads to increased:

**PRODUCTIVITY** **SUSTAINABILITY** **PROFITABILITY**

The R&D program is **funded** by:

**EGG FARMER LEVIES**

**FEDERAL GOVERNMENT MONEY**

R&D projects aim to find **industry solutions** in a:

**1-5 year** timeframe

Australian Eggs **invests** over **\$3m** each year in R&D

**focusing on:**

**HEN WELFARE**

**FLOCK HEALTH & BIOSECURITY**

**FOOD SAFETY**

**Research** is undertaken by **institutions**, like:

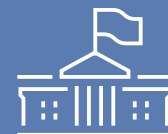

**UNIVERSITIES**

**CSIRO**

**STATE DEPARTMENTS**

Current **R&D projects** include:

**VACCINE DEVELOPMENT FOR SPOTTY LIVER DISEASE**

**PROBIOTICS TO CONTROL SALMONELLA SHEDDING**

**HEN FEED EFFICIENCY**
