

Last Updated: 10 October 2022 4:37pm
Registered in: ACT, NSW, NT, QLD, SA, TAS, VIC, WA
Applications: Poultry sheds/hatchery buildings/farm buildings, Litter, Egg (food) handling areas
Practical application limited: Yes

Safety and efficacy considerations

- Products may also contain pyriproxyfen.
- Do not apply onto livestock, their food, water, litter, feed bins or surfaces that are accessible to livestock.
- Some insect resistance may occur.
- Harmful if inhaled or swallowed.
- Avoid contact with eyes and skin (may cause numbness).
- Use in food processing areas is limited to crack, crevice, and barrier strip treatment only.
- Some products may be available for 'home use' and could be appropriate for use in vehicles and farm buildings where there are no birds or eggs housed at any time. Recommended to seek advice before applying these products in a commercial setting.

Products with this chemical may have different label instructions. Always follow the directions on the label and refer to the safety data sheet for the complete safety information on this chemical before using it.

Effective against
