

Impact of sorghum ergot in layer hens

Organisation: The University of Queensland

Publication: 1 May 2003

Researchers: J. Dingle and B. Blaney

Categories: Feeding & Nutrition

Tags: layer hens, contamination, diets, sorghum ergot

Though sorghum is an important component of layer hen diet, it is highly susceptible to contamination of sorghum ergot. This project aims to determine the safe practical limits for use of ergot contaminated sorghum grain in layer diets.
